Crowcon Technical Note

Document Reference: GEN094

Document applies to: T3 and Gasman

Release Date: 24/10/2019

Subject: HCN sensor iModule configurations in Gasman & T3

We are making the following changes to the configuration of our HCN iModules with immediate effect:

- HCN iModule range was 0-30ppm - **now 0-25ppm**

- HCN iModule alarm level 1 is unchanged at 5ppm

- HCN iModule alarm level 2 was 25ppm - **now 10ppm**

These changes are more aligned to customer usage patterns and now match Cal cert outputs
